

Supplies: Tape or Glue | Cardstock

Directions:

1. Print pages 1-3 onto thick paper like cardstock.
2. Cut out components on pages 1&2 (sign, seat, window, & target with arm)

Assembly:

1.  Fold pages 2 and 3 lengthwise from L to R to the center.
2.  Tape/Glue pages 2 & 3 together, inside & out overlapping the edges about a quarter inch.
3.  Fold the seat strip on marks & tape/glue the seat to the inside of the booth slightly towards the back. Align the fold edge just below the window on each side.
4.  Fold target arm on the fold lines tuck under the overlap on the side of the booth. Tape/glue to secure.
5.  Cut the slits on the sign & slide the top sides of the booth into the sign slits

seat cut along line, fold and tape
