

# ELF QUARANTINE HOUSE

## Materials:

- color printer & white paper or card stock
- scissors
- paper trimmer
- glue stick
- tape
- baker's twine, yarn or string

## Directions:

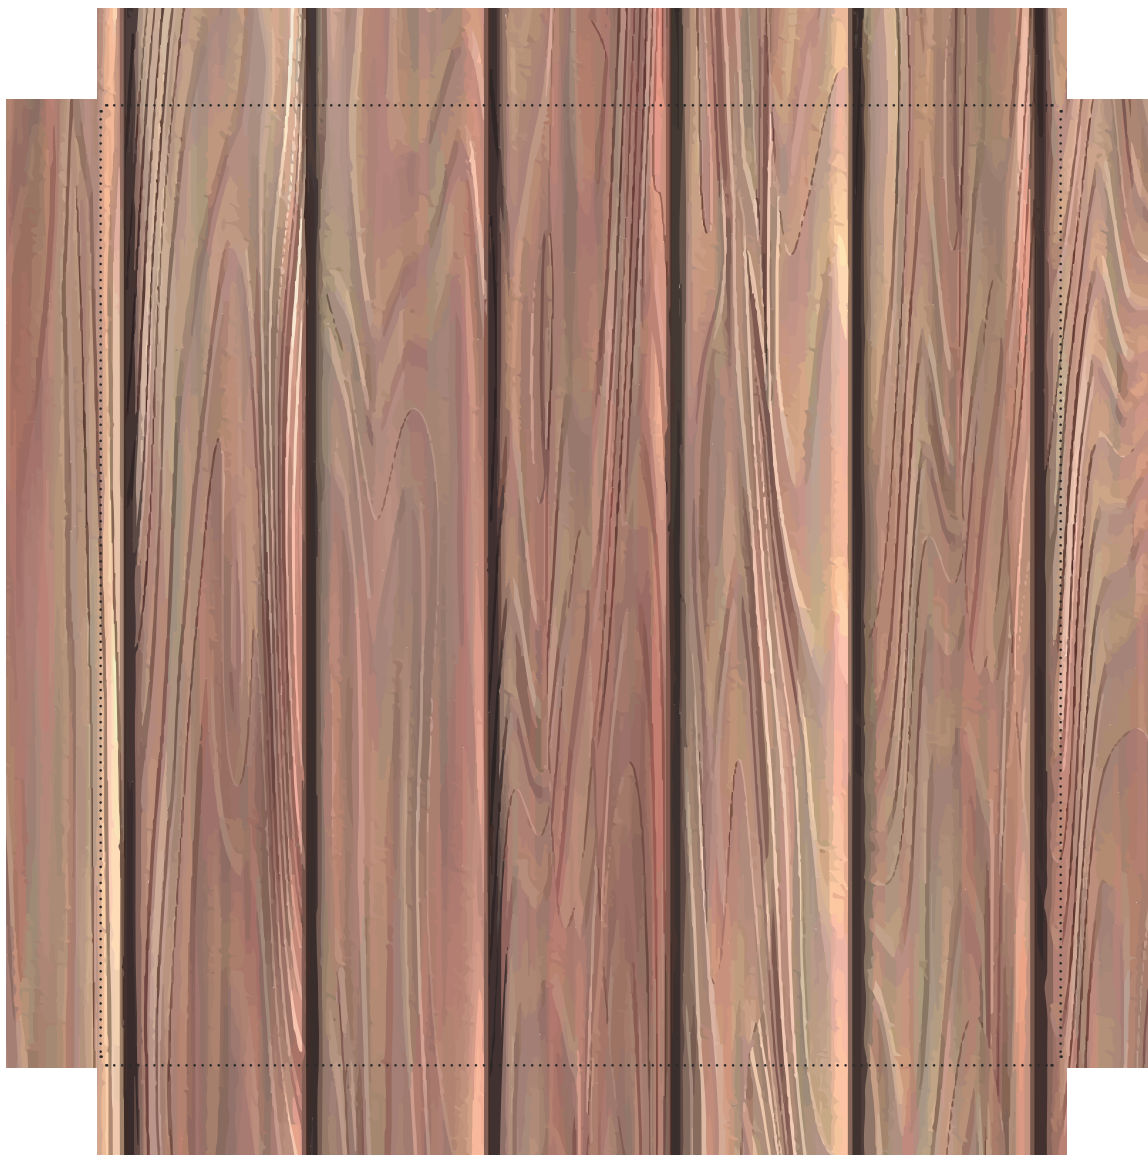

1. Print on paper or card stock.
2. Trim 3 white edges keeping the white edge on the left folded side.
3. Cut out the white window on the front wall.
4. Cut out the roof.
5. Score, if desired, and fold on the dotted lines for the walls and roof.
6. Fill in the name and date for your elf.

## To Assemble:

1. Attach a flat edge of the wall to the folded edge of the other wall and affix with glue or tape. Repeat for the other side.
2. Place your elf inside of the house.
3. Set the roof on top of the quarantine house.
4. Leave your elf to quarantine!

## To Make a Mask:

1. Cut out the mask that best fits your elf.
2. Gently bend and shape it with your finger to form over the face of your elf.
3. Attach string to the backside of the mask with tape and tape the strings to the back of the head of your elf.
